

AKER YARDS material standards

T.715.008	Fastening foundation for electrical furniture
T.715.010	Fastenings
T.715.014	Support for lightning fixtures in the engine room and on the deck
T.715.015	Support for lightning fixtures
T.715.017	Fastening for earthing
T.715.018	Support for lightning fixtures, AISI 316
T.715.020	Support for lightning fixtures in the engine room and on the deck
T.715.022	Angle brackets for electrical equipment. Type A
T.715.023	Angle brackets for electrical equipment
T.717.002	Support for cable trays
T.717.003	Support for cable trays and lightning fittings
T.717.004	Support elevation for cable tray
T.717.005	Support for cable trays and lightning fittings
T.717.014	Staright steel cable tray
T.717.015	Staright acid proof steel cable tray
T.717.041	Penetration tube for cables and pneu, pipes for steel constructions
T.717.052	Straight aluminium cable tray
T.717.053	Mass cable penetration
T.717.056	Mass cable penetration
T.717.064	Mass cable penetration for aluminium constructions
T.717.079	Steel cable tray, Z-ladder type
T.717.080	Steel cable tray, Z-ladder type, 90 degrees angle
T.717.081	Aluminium cable tray, Z-ladder type, 90 degrees angle
T.717.085	Steel cable tray, Z-ladder type, hot galvanized
T.717.086	Steel cable tray, Z-ladder type, hot galvanized, 90 degrees angle
T.717.089	Aluminium cable tray, Z-ladder type
T.717.091	Steel cable tray for special places, Z-ladder type, 90 degrees angle, AISI 316
T.717.092	Steel cable tray for special places, Z-ladder type, AISI 316
T.717.111	Cable penetration, penetration collar, type A
T.753.011	Earthing bar
T.753.014	Support boxes for Z506 trays
T.753.015	Support boxes
